૭૩મી વાર્ષિક સાધારણ સભાને પ્રમુખશ્રીનું સંબોધન

Hello everyone, Good morning.

Immediate past president Kirti Patel, members of the managing committee, members of GICEA, ladies, and gentlemen.

Hope you and your family are fit and fine amid Covid.

I am grateful to the managing committee for electing me as the President of this prestigious 74 years old institute. I would especially like to thank Shri Navnit Bhai, N.K. Patel, Chirag Bhai, Bhargav Bhai, Dilip Bhai, and other seniors. Also, my special thanks to Rajesh Rawal who proposed my name as president.

On this note, I would like to briefly mention my plans for this tenure.

As you know that our strength is our 4600 members which are architects and civil engineers. So, during my term as a president, my aim is to influence government policies in a positive way and to make our institute an influencer for decision-makers of government related to our fraternity.

As we know our problems with the government are: Engineers Act, Environmental clearance process, lease for excavation, ODPS, implementation of TPS and local area plan, revenue process, and implementation of RERA. During my tenure, I am planning to make one “FOCUS GROUP” of senior members who will deal with our issues with the government.

One of our Institute's objectives is knowledge sharing. We soon will be starting technical lectures and technical tours post-pandemic. But as you know our technical webinars are still going on. We are planning to organize a talk show with renowned architects once or twice a month.

We need new blood to make our institute more vibrant. In order to attract youth, we should plan to organize more programs considering the interest of young engineers and architects. We should also think about student memberships. Organize events for college students like problem-solving exercises, street design, parking design, etc. Training and placement programs with student project awards will be a good idea to start with. By doing this it will help us change our institute's image of being an “Old man's institute”.

Furthermore, we need to start sponsor lecture series for that sponsorers will have to pay a fixed amount for an entire year. 4 -5 lectures will be organized by the sponsor's name and at the end, these lecture series will be published by GICEA and also broadcasted on youtube and other social media platforms.

Our coming year is the 75th year of GICEA, a diamond jubilee year. We should celebrate it in a big way. A special committee will be formed for the celebration. I request all of you to send your suggestions on how to celebrate this remarkable 75 years - diamond jubilee event. In a short time, you will receive an email regarding the same.

Lastly, before I conclude, our institute is a collective effort that can only function with the commitment of all. I request all of you to join hands with me and let us work together with synergy.

Thank you.

Dr. Vatsal Patel
President

THE GUJARAT INSTITUTE OF CIVIL ENGINEERS & ARCHITECT

AUDITOR'S REPORT

To:
The Members,
THE GUJARAT INSTITUTE OF CIVIL ENGINEERS & ARCHITECTS, Registration No. : F/140/Ahmedabad

Opinion

We have audited the financial statements of The Gujarat Institute of Civil Engineers & Architects Registration no: F/140/Ahmedabad) , (The Institute) which comprise the balance sheet at March 31st 2022, and the statement of income and expenditure, for the year then ended, and notes to the financial statements, including a summary of significant accounting policies. In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Institute as at March 31st, 2022, and of its financial performance for the year then ended in accordance with the Accounting Standards issued by the Institute of Chartered Accountants of India (ICAI).

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) issued by ICAI. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the entity in accordance with the ethical requirements that are relevant to our audit of the financial statements and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the aforesaid Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is responsible for assessing the entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the entity or to cease operations, or has no realistic alternative but to do so. Those charged with governance are responsible for overseeing the entity's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:-

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements
