**28th EXHIBITION**  
PLOTS - FARM HOUSES - WEEKEND HOMES

Organiser :

ESTD. : 1947

Co-Organiser :

Ahmedabad made rapid territory expansion to accommodate the industrial boom and with it the residential housing has grown.

The second ring road of Ahmedabad too flourished swiftly. The acumen Gujarati saw double benefit.

The fast developing automobile hub at Sanand gave boost to neighboring land prices. Along with the industrial expansion, the farm houses grew manifold.

The farm houses are developed aesthetically by renowned architects.

The tastefully developing land has given the people an escape to unwind and and pursue hobbies.

The concept has caught on. The established well-known Builders initiated well-spaced out residential township that offers great landscaping, swimming pool, sports courts, club house, lakes, walk-areas, theme parks, botanical garden, meditation centers, event lawns, et al. The developer takes care of maintenance as well!

Depending on your location in Ahmedabad, you can drive 30 kms in any direction and come across a hub that will transport your family into a newfound revelry of home-away-from-home.

One just has to choose a direction and drive. Be it be South, South-West, North or West, one will come across a series of weekend houses.

Cost effective with staggered payment schemes have come across: Nalsarovar-Sanand – near the popular bird sanctuary, Dholera – proposed International Airport, Gandhinagar-Mahudi – adjoining famous Jain temple, Sanand-Patdi, Kadi-Thol periphery and Bagodara.

All farmhouses' are beautifully designed and set in a green ambience for rustic living with ultra-modern amenities.

There is a tremendous response from investors as well as end-users as the return on investment is handsome while enjoying free club membership in eco-friendly locations.

**Here there is a concurrent show!**  
The visitors will have easy access to 2 synergetic trade fairs highlighting the latest trends and developments. Leaders of both industries will look at wide collection of products under one roof
